

## Increased Access → 122.2%

Our network of highly motivated college students interested in completing Micro-Internships grew over 122%, providing companies with unmatched access to Career Launchers across the U.S.

## Improved Retention → 98.1% vs 55.3%

While industry research shows that 55.3% of college graduates leave their job within the first year, 98.1% of grads who complete Micro-Internships remain at the same company.

## Enhanced Diversity → >80%

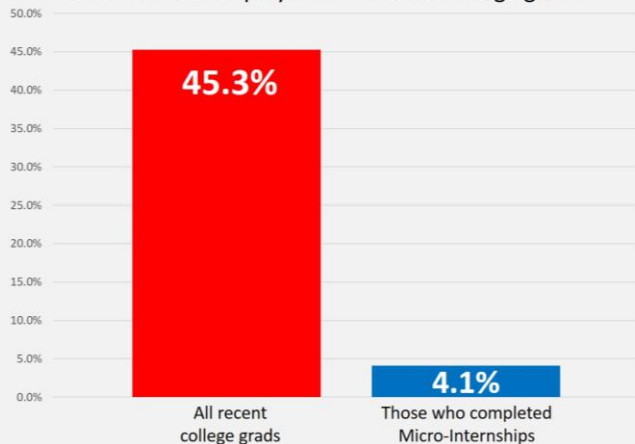

Over 80% of Micro-Internships were completed by students from underrepresented populations, helping companies support their diversity, equity, and inclusion efforts in a sustainable, authentic way.

## Expanded Acceptance → 400+

Over 400 new companies provided Micro-Internships to enhance campus recruiting and support busy professionals.
